### **Ohio Fire Code**

#### **SECTION 102 Applicability**

**102.4** The planning, design and construction of new buildings and structures to provide the necessary egress facilities, fire protection, and built-in fire protection equipment shall be controlled by the building code of the jurisdiction; and any alterations, additions or changes of the occupancy in buildings required by the provisions of this code which are within the building code shall be made in accordance therewith.

### **Ohio Building Code**

#### **SECTION 105**

#### **APPROVALS**

**105.1 Required.** Any owner or authorized agent who intends to construct, enlarge, alter, repair, move, or change the occupancy of a building or structure, or portion thereof, or to erect, install, enlarge, alter, repair, remove, convert or replace any electrical, gas, mechanical, plumbing system, other building service equipment, or piping system the installation of which is regulated by this code, or to cause any such work to be done, shall first make application to the building official and obtain the required approval.

Sandusky County

Building Department

1143 N. Fifth Street

Fremont Ohio 43420

**105.3 Application for Plan Approval.** To obtain a plan approval, the applicant shall first file an application therefore in writing on a form furnished by the building department for that purpose. Such application shall:

1. Identify and describe the work to be covered by the permit for which application is made for approval
2. Describe the land on which the proposed work is to be done by legal description, street address or similar description that will readily identify and definitely locate the proposed building or work.
3. Indicate the use and the occupancy (ies) for which the proposed work is intended.
4. Be accompanied by construction documents and other information as required in section 106.3
5. Be signed by the owner, or owner's authorized agent.
6. Give such data and information as required by the building official.

**106.1 Submittal Documents.** Construction documents, special inspection and structural observation programs, and other data shall be submitted in two or more sets with each application for an approval. Before beginning the construction of any building for which construction documents are required under section 105, the owner or owner's representative shall submit construction documents to the building code official for approval.

If at any time we can further assist you, feel free to contact me.

Douglas W. Crowell
